

FLOOD UPDATES

During its flood response, Dubbo Regional Council staff update information relating to roads, bridges, parks, reserves, sporting and recreation; this page acts as a centralised location for these updates. Expand the sections below, and follow the redirects to updates made by Dubbo Regional Council.

ROADS AND BRIDGES

Council staff are frequently updating information relating to the closure, and reopening, of roads and bridges across the Dubbo Regional Council Local Government Area. View the updates at Council's dedicated webpage [Road Closures](#)

SPORTING GROUNDS AND FACILITIES

Council staff are frequently updating information relating to the closure, and reopening, of sporting grounds and facilities across the Dubbo Regional Council Local Government Area. Council staff also liaise

directly with local sporting groups around training and game activity, if you have any enquiries relating to organised sporting activity, please refer to your sporting organisation for advice. View the updates at Council's dedicated webpage Sports Grounds and Facilities

RESERVES AND BIKE TRAILS

Council staff are frequently updating information relating to the closure, and reopening, of reserves and bike trails across the Dubbo Regional Council Local Government Area. View the updates at Council's dedicated webpage Reserves

REPORT A CONCERN

If you have concerns regarding damage to roads, water on roads or reserves, fallen branches, or increased stormwater activity from flood waters, you can submit a form through Council's DRC&ME Portal. The platform is free, however some requests do require you to set up an account and log in. Council's Customer Experience team receive and action any requests made through the Portal.

WEATHER AND FLOOD WARNINGS

Dubbo Regional Council receives minor, moderate, or major flood warning advice from local NSW SES units, including Dubbo City SES Unit and Wellington SES Unit

Follow upcoming weather activity, including flood and storm warnings, at Bureau of Meteorology (BOM)
