

DUBBO SHOWGROUND

DUBBO SHOWGROUND

Operated by Dubbo Regional Council, Dubbo Showground is one of Dubbo's most malleable event facilities. Dubbo Showground is a multi-use facility; successfully hosting a range of both local and national events.

The team at the Dubbo Showground includes a dedicated Showground Event Coordinator. This position is dedicated to facilitating event requests and working with event coordinators to achieve the best outcomes for each specific event.

Entertainment events

The Dubbo Showground has a successful history of hosting an array of entertainment events. From community Shows and markets to a crowd of 18,000 for Triple J One Night Stand music festival. Check out the Main Arena and our number of grassed areas for inspiration for your next event.

Business events and expos

The Woolpack Function Centre can service conference events, dinners and awards presentations for up to 200 people. If your conference comes with trade shows or a need for break out spaces the attached Ewen MacInnes and Expo pavilions lend an extra 6000m². Invite the community to your expo and engage local suppliers to hold food vans along Grassed Area 1.

Motor sports, shows and rallies

Monster trucks, motosports, car and bikes shows are a frequent calendar highlight due to the ability to sell tickets upon entry and the crowd capacity of the Main Arena. A range of sealed bitumen and grassed floor venues provide an abundance of choice for Show'n'Shine events of all styles. Add registration space or dinner event to your itinerary with the Woolpack Function Centre.

Agricultural events

Home of well-established annual agricultural shows and sales spanning cattle, sheep, pig and horse events; the Dubbo Showground has a variety of specially designed agricultural venues and enclosed spaces. For larger events the Ewen MacInnes and Expo pavilions can be customised to include panels, stabling and grandstand facilities.

We found our whole experience
in Dubbo wonderful. The
people were so friendly
everywhere we went. The
locals spent time talking to
us, everyone we asked about
anything bent over backwards
to help us and we left Dubbo
with an amazing feeling. It just
makes you want to go back.
