#### RECOMMENDATION

That the information contained within the Investment under Section 625 of the Local Government Act Report, dated 3 June 2024, be noted.

Jane Bassingthwaighte BM

Director Organisational Performance Revenue Accountant

#### **BACKGROUND**

As required by Section 212 of the *Local Government (General) Regulation 2021*, this report contains the details of all monies that Council has invested under Section 625 of the *Local Government Act 1993* dated as at the last day of the reporting month.

In accordance with the *Investment Ministerial Order* dated 12 January 2011, Dubbo Regional Council (Council) may only invest money (on the basis that all investments must be denominated in Australian Dollars) in the following forms of investment:

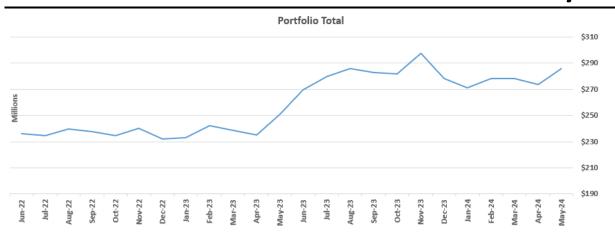

- a. any public funds or securities issued by or guaranteed by the Commonwealth, any State of the Commonwealth or a Territory;
- b. any debentures or securities issued by a council (within the meaning of the *Local Government Act 1993* (NSW));
- interest bearing deposits with, or any debentures or bonds issued by, an authorised deposit taking institution (as defined in the *Banking Act 1959* (Cwth)), but excluding subordinated debt obligations;
- any bill of exchange which has a maturity date of not more the 200 days; and if purchased for value confers on the holder in due course a right of recourse against a bank which has been designated as an authorised deposit-taking institution by the Australian Prudential Regulation Authority;
- A deposit with the New South Wales Treasury Corporation on investment in an Hour-Glass investment facility of the New South Wales Treasury Corporation.

Investments, when placed, have been done so in accordance with the *Local Government Act, Local Government (General) Regulations 2021* and Council's Investment Policy and Strategy. Interest on investment has been accounted for on an accrual basis. This report details investments and annualised returns for the reporting month. Attachment 1 provides more detailed information on Council's investment portfolio for this period.

## **BACKGROUND**

## **Previous Resolutions of Council**

23 June 2022	1.	That the findings from the 2022 Community Needs and Satisfaction Survey Report be noted.
CCL22/154	2.	That the report be further reviewed by staff across the organisation to support service improvement and increase community insight.
	3.	That the next Community Satisfaction and Needs Survey be conducted in March 2024.
23 May 2024	1.	That statistically valid 2024 Community Insights phone survey report be noted.
CCL24/131	2.	That findings from the statistically valid 2024 Community Insights phone survey and the online opt-in 2024 Community Input Survey be presented to the June Corporate Service Committee meeting.
	3.	That a Community Insights 'check-in' survey be undertaken in March 2025.

This report presents the findings of the 2024 Community Input self-complete, opt-in online survey conducted by Micromex Research.

In April 2024, Council conducted a representative, statistically valid telephone survey with residents living in the Dubbo Regional Local Government Area (LGA). The results of this survey were considered by Council at the May 2024 Ordinary Council meeting.

To enhance engagement, Council provided community an opportunity to self-complete the survey. An online link was made available via a dedicated YourSay project page and social media channels, and an insert flyer encouraging participation in the Input Survey was distributed to ratepayers in the May Rates Instalment notice. Residents were also approached and asked to participate in the survey via a QR code with interviews being conducted in the field at the Dubbo Farmers Market and Wellington Boot Racing Carnival during April.

The Input Survey provided community with an engagement opportunity, emphasising the importance of gaining and utilising community input for effective engagement. The outcomes from the survey will help inform the review of the Community Strategic Plan, priorities for the future Delivery Program, and to establish a baseline for performance monitoring in conjunction with the statistically valid phone survey insights. The findings can also inform shorter-term opportunities for service improvements, exploration, or review.

The Dubbo Regional Council 2024 Community Input survey was conducted from 28 March 2024 until 30 April 2024. The final analysis and recommendations, attached as **Appendix 1**, have been completed by Micromex Research.

Key objectives of the research are as follows:

- Community Priorities: Identify the key areas of focus for the Dubbo Regional LGA over the next decade.
- Council Performance: Assess the community's satisfaction with Council services and overall performance.
- Liveability, Governance, and Financial Sustainability: Explore resident opinions on factors like quality of life, governance effectiveness, and potential financial changes, including rate adjustments.

The goal of the Community Input Survey is to provide a detailed assessment of community views and perceptions and give the entire community an opportunity to be heard. Specifically, the Input Survey aimed to:

- Develop a comprehensive understanding of the community's perceptions.
- Incorporate this valuable feedback into performance and operational evaluations of programs and services.
- Inform future budget development and policy-making processes to create more equitable and data-driven administrative practices.

The survey questions and methodology were updated from the 2022 version to better reflect current priorities and provide insights for the Elected Body following the Local Government Elections on 14 September 2024.

In total, there was 1,336 click attempts to begin the survey, of which 734 participants completed the full survey. Comparisons are also made to the results from a statistically valid phone survey of 503 randomly selected residents. The findings of the online survey reflect the views of an engaged community. Throughout the report, comparisons are made between the representative phone survey and the opt-in survey. Despite widespread promotion of the online survey, the opt-in nature of this methodology is less representative of the wider community.

As the input survey data is from a self-select sample, the results are only reflective of those who have participated and not generalisable to the broader population.

The report benchmarks the results of the Dubbo Regional Council phone survey against the self-complete opt-in survey. Where comparable, performance against previous Dubbo Regional Council survey results from 2019 and 2022 are also included.

## **REPORT**

The following provides a summary of the key findings of the 2024 Community Input Survey:

## Quality of Life

75% of online residents rated their quality of life living in the Dubbo Regional Local Government Area as "good" to "excellent", compared to 87% of phone respondents.

## Council Performance

58% of online residents are at least somewhat satisfied with the performance of Council over the last 12 months, compared to 81% of phone respondents.

## • Service Area/Facility Satisfaction

Overall, 21 of the 59 service areas included in the survey achieved a satisfaction of 80% or more (36%), with 20 falling below 60% (34%) among online respondents. In comparison, 37 of the 59 service areas achieved a satisfaction score of 80% or more (63%), and only three fell below 60% (housing, sealed roads, and unsealed roads) (5%) among phone respondents.

# The most valued aspects of living in the Dubbo Regional Local Government Area for online respondents are:

- Quality and variety of services, facilities, and infrastructure
- Rural aspect, country living, lifestyle and open spaces
- Sense of community
- Location, close to services and facilities and being close to family/friends

Whilst citing fewer mentions, the key aspects valued by online respondents remained in line with the results of the phone survey. Online respondents were more likely to mention the rural aspect/country living/lifestyle/open spaces (27%).

## The priority areas for the region in the next 10 years identified by respondents include:

- Addressing public issues
- Roads and Traffic
- Infrastructure, services, and facilities to cater for growth
- Housing affordability and availability

The top four priority areas for online respondents remained consistent with the phone results.

## Community wellbeing agreement measures:

- The highest Community Wellbeing agreements were:
  - healthy lifestyle opportunities are available
  - o opportunities to participate in arts, entertainment, and cultural activities

- I feel a part of my local community
- The lowest Community Wellbeing agreements were:
  - the elected body are available and visible, with 15% online agreeing compared to
     29% via phone
  - o new residential developments support our diverse community needs, with 19% online agreeing compared to 34% via phone

Online respondents had lower levels of agreement across all community wellbeing measures.

- Two areas which had a difference of greater than 20% between phone and online were
  - The LGA is a good place to live/I'm proud of where I live 49% online, 74% phone
  - The LGA is an attractive place for visitors 47% online, 68% phone.

## Preference to receive information:

Findings highlighted the range of media channels of which residents prefer to consume their information. Online respondents prefer to receive information via Facebook (58%).

Compared to the phone results, online respondents expressed lower preference for receiving all promoted mediums, including a difference of 20% in the following mediums:

- Electronic Direct Mail (E-Newsletters): 37% online compared to 70% phone
- Website: 37% online compared to 66% phone
- Visiting Libraries: 9% online compared to 48% phone
- Visiting Council: 6% online compared to 46% phone

The results continue to highlight the importance of having a multiplicity of channels to reach our diverse community.

## **Financial sustainability:**

The survey referred to the independent review of the financial sustainability of Council that was undertaken by the AEC Group Ltd in 2023 and the issues identified in the review in respect of long-term financial sustainability.

In response to questions regarding financial sustainability, the following was provided:

- Online respondents showed lower levels of support for all potential rate payment changes included in the survey.
- A net total of 44% are willing to pay more (selected at least somewhat supportive on either or both "maintain" and "increase" services compared to 58% for phone respondents.

- For online respondents, 21% indicated that Council spending, including wages and staffing, is a specific area of service that should be reduced. Comparatively, only 10% of phone respondents identified Council spending as an issue.
- 45% could not identify any specific areas that should be reduced.

## Comparison to previous research satisfaction:

When comparing satisfaction ratings for 2024 vs 2022, 10 of the 32 comparable services and facilities achieved an increase in satisfaction of over 20% as provided below:

- Engagement with the community
- Events are supported within the community
- Parks, open spaces and recreational activities
- Playgrounds and public spaces
- Services for Aboriginal and Torres Strait Islander, Seniors, Youth and Disabled are supported
- Access to public transport
- Maintenance and provision of footpaths
- Maintenance of sealed roads
- Macquarie Regional Libraries
- Cemeteries

Five of the 32 services and facilities received a decrease in satisfaction of 20%

- Sewerage services
- Water Supply
- Water Conservation Initiatives
- A range of affordable housing
- Aquatic Centres

\*It should be noted that measurements of satisfaction in 2024 were only recorded if respondents identified that the service or facility was important or very important.

Outcomes of the Community Input Survey will be utilised to inform operational decision-making and future strategic planning, including Council's Integrated Planning and Reporting Framework.

The combination of the Insights and Input surveys will also be used to inform Council's Service Review program for future years, in addition to informing additional service reviews or service improvement initiatives.

Importantly, such input from the community needs to be considered in the context of Council's ability to control, influence, finance and prioritise. In line with the adopted Community Engagement Strategy, the process of this full circle consideration will require further conversations with community to gain further input and build shared understanding.

## Consultation

Micromex Research was commissioned to conduct and analyse the results the 2024 Community Input Survey. The data analysis within the report was analysed using Q Professional. 734 participants completed the full survey.

To ensure broad participation, the survey was promoted through various channels, engaging the community effectively. The following mechanisms were employed:

- A comprehensive marketing campaign, encompassing social media posts and stories.
- Establishment of a dedicated YourSay project page.
- Distribution of a media release.
- Production of a video featuring the Mayor, shared on social media platforms.
- Inclusion of prompts on Council's Call Centre Interactive Voice Response system to encourage participation.
- Radio advertising.
- Print advertising in local publications such as the Dubbo Photo News and Daily Liberal.
- Insertion of flyers in May Rates Instalment Notices.
- Distribution of an Economic Development E-Newsletter targeting businesses for participation.
- Consultation sessions conducted by consultants at local community events.
- Provision of hard copy surveys available at Customer Experience Centres and Libraries.

These efforts aimed to facilitate maximum engagement and representation across various demographic segments within the community.

## **Resourcing Implications**

Utilisation of an external, independent consultant for the survey was undertaken for objective data collection, expertise and methodological rigor and enhanced community confidence for comprehensive data collection.

In addition, internal staff resources were allocated for pre-consultation and survey design in collaboration with stakeholders. Staff also contributed to the design of advertising collateral, communication strategies, marketing, and engagement planning.

Council will conduct a Community Insights "Check-in" in 2025 to gauge changes in community satisfaction. A sample of previous survey participants will be re-contacted in 2025 to assess any increase or decrease in satisfaction levels. These insights will identify key priority areas for the next 12 months, reinforcing Council's commitment to maintaining a high level of communication with our community and providing various feedback avenues. The data from the "Check-in" will complement our corporate measure reporting on a 12-month basis and

will help inform initiatives and strategies aimed at addressing community priorities identified in both Community surveys.

The next full community insight and input survey program will be conducted in 2026.

## **Next Steps**

- All reports for both Survey's will be published on Council's corporate website and YourSay project page.
- All phone and online survey participants who opted to provide their contact details and agreed to be added to a register of interest for future consultations, will be thanked for their contributions and be individually provided a copy of the results.
- A media release will be issued summarising the key findings and linking to the full report.
- Survey findings will be further reviewed and considered by staff across the organisation to strengthen community insight and support service improvement.
- A check-in survey will be conducted in March 2025 with a selection of respondents who participated in the 2024 Community Insights phone survey.
- Findings from the surveys will be utilised to inform the development of the next fouryear Delivery Program in 2025, in further consultation with the community.
- Satisfaction performance indicators will be included as corporate performance measures and benchmarks within the new Delivery Program in 2025.

# **Engagement Objectives**

In April 2024, Dubbo Regional Council conducted a representative telephone survey with residents living in the Dubbo Regional Local Government Area.

The results of this research have been reported separately.

For engagement purposes, Council also provided the community an opportunity to self complete the survey. An online link was made available on Council's website and across social media channels. Face to face interviewers were also employed to promote the online survey. Residents were approached and asked to participate in the survey via a QR code and online self competition. Interviewers were in field at the Dubbo Farmers Market and Wellington Boot Racing Carnival during April.

#### Why?

 To provide the community with an engagement opportunity. To gauge community perception of Council's performance, quality of life, agreement with liveability statements, interaction with Council and community priorities.

#### How?

N=734 respondents completed the survey online

#### When?

The link was open from 28<sup>th</sup> March – 30<sup>th</sup> April

3

## Background

#### Sample selection

The opt-in online survey link was made available by the Dubbo Regional Council. In total there were 1,336 click attempts to begin the survey, of which 734 participants completed the full survey.

#### Data analysis

The data within this report was analysed using Q Professional. All percentages are calculated to the nearest whole number and therefore the total may not exactly equal 100%.

Comparisons are also made to the results from a phone survey of 503 randomly selected residents.

#### **Important Note**

As this survey data is from a self select sample the results are only reflective of those who have participated, and not generalisable to a broader population.

#### **Ratings questions**

The Unipolar Scale of 1 to 5 was used in all rating questions, where 1 was the lowest importance or satisfaction and 5 the highest importance or satisfaction.

This scale allowed us to identify different levels of importance and satisfaction across respondents.

**Top 2 (T2) Box:** refers to the aggregate percentage (%) score of the top two scores for importance. (i.e. important & very important)

**Note:** Only respondents who rated services/facilities a 4 or 5 in importance were asked to rate their satisfaction with that service/facility.

**Top 3 (T3) Box**: refers to the aggregate percentage (%) score of the top three scores for satisfaction or support. (i.e. somewhat satisfied, satisfied & very satisfied)

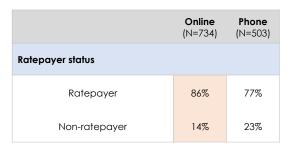

We refer to T3 Box Satisfaction in order to express moderate to high levels of satisfaction in a non-discretionary category. We only report T2 Box Importance in order to provide differentiation and allow us to demonstrate the hierarchy of community priorities.

## Summary Findings

The findings of the online, opt-in Community Insights survey show the results of an engaged community. Throughout this report we make comparisons between the representative phone survey and the opt-in online survey. Despite widespread promotion of the online survey, the opt-in nature of this methodology is less representative of the wider community.

"Traffic! It's already very bad"

"Improve traffic flow, e.g. fewer traffic lights"

"Dual lanes for Cobra St. all the way from the bridge to Bunnings"

"It should be roads and not selling the sale yards"

## Infrastructure, Services and Facilities to Cater for Growth 22%

"We need more doctors/GPs, if Dubbo wants to grow we need to have a better health system and walk in doctors."

"Schools and sporting facilities"

"Population growth and keeping up with infrastructure and services needed"

"Quick and affordable access to essential services - GPs, psych's, etc."

"Access to public pre-school"

"Improved medical availability"

"More parklands within walking distance of homes - good for physical and emotional wellbeing, and social interactions."

Note: The comments provided by participants above offer valuable insights into the community's perspective. Council can play varying roles of influence Base: N = 734 and impact across the identified issues.

# Changes respondents would make to the LGA

Q1c. What would you change about living in Dubbo Regional Council local government area?

When asked what changes respondents would make to the LGA, key suggestions centred on reducing crime in the LGA/improving safety (26%), followed by improved Council management, including greater transparency, financial management and staff (20%).

#### Online Participant Responses

"The City needs a good clean up, crime is out of control and undesirable people roam the main business area harassing people"

"Access to range affordable housing. Youth services to reduce antisocial behaviour. Greater sense of community spirit. More collaborative problem solving from the ground up. More fun"

'Affordable housing for all, encourage more recreational facilities and services, encourage more doctor's and specialists'

"To improve living in the Dubbo Regional Council area, I might consider enhancing public transportation options, increasing access to healthcare services, promoting sustainable practices, and supporting local businesses to foster economic growth and job opportunities"

"Ensure the CBD area was free of unsavoury characters asking for money, swearing, riding bikes on footpaths etc"

"Council focusing on community improvement"

# Service Areas to be Reduced

Q5d. Thinking overall, can you identify any specific areas of services that should be reduced?

For online respondents Council spending, including wages and staffing was a specific area of service that should be reduced.

Comparatively, only 10% of phone respondents identified Council spending as an issue.

#### Example of participant comments

"Arts and culture are not a priority in the current economic climate."

"Wasting money on things Dubbo doesn't need and more on Wellington does need"

"Councillor spending to be monitored and scrutinised as hard as lower down employees, for transparency and equity"

"Rate charges should be reduced due to the lack of council maintenance and unaffordable for most"

"The sports fields are endless and use a lot of irrigation and maintenance for a small proportion of the community"

"DRC management staff - reduce the cost of staff and consider outsourcing the work"

# **RECOMMENDATION**

That the Draft Fraud and Corruption Prevention Policy be adopted.

Jane Bassingthwaighte
Director Organisational Performance

CW

**Governance Officer** 

## **BACKGROUND**

In 2019 Council adopted its initial Fraud and Corruption policy. Council is committed to a 'zero tolerance' approach to fraudulent and corrupt behaviour and as such has created a culture of good governance and ethical behaviour from all staff, officials, and representatives.

#### **Previous Resolutions of Council**

9 September 2019	The Committee recom	mends that the	e Fraud and	Corruption
EDBC19/37	Prevention policy be end	orsed.		

The draft Fraud and Corruption Prevention policy, attached as **Appendix 1**, has been reviewed and updated to reinforce Council's commitment to fraud and corruption prevention.

## **REPORT**

The draft Fraud and Corruption Prevention policy has been based on the *Fraud Control Framework* of the *Audit Office of NSW*, which is consistent with the current policy, and ensures Council and its representatives continue to maintain an ethical and accountable work environment. The policy gives clear direction on the framework and how it relates to each individual by providing guidance on the processes and behaviours associated with preventing fraud and corruption.

The changes to the policy are primarily administrative and reflect the current Council structure and related policies. The draft policy should be read in conjunction with the Code of Conduct, Public Interest Disclosures, and Internal Reporting Policy to ensure each individual is aware of their responsibilities and obligations to report instances or fraudulent or corrupt behaviours. Councils *Statement of Business Ethics* further provides information on reporting fraud and corruption.

It is noted that this policy is overdue for review. Council staff have been working on a Policy Framework to combat overdue policies. The framework will operate within Council's PULSE system under a traffic light classification model to provide reminders and escalation avenues for each policy as it is due for review.

The draft Fraud and Corruption Prevention policy as attached to this report as **Appendix 1** for consideration for adoption.

# **Planned Communications**

Once adopted the Policy will be implemented and placed onto Council's Website.

# Consultation

• Our policy follows the *Sample Fraud and Corruption Control Policy* as provided by ICAC in 2021 (being the most recent sample).

- Consideration has been given to the current Fraud and Corruption Prevention polices adopted in the Newcastle City Council, Sydney City Council, Mid-Western Regional Council, Orange City and Parkes Shire Council. These Councils also follow the sample policy as provided by ICAC.
- The Fraud and Corruption Prevention Policy was considered by Council's Audit, Risk and Improvement Committee on 3 June 2024 and was endorsed, subject to feedback and minor amendments. These changes have been incorporated into the attached draft.

# **Resource Implications**

There are no budgetary resource implications to consider for the review of this policy.

# **Options Considered**

The policy was developed with consideration to the *Sample Fraud and Corruption Control Policy* as provided by ICAC.

DUBBO REGIONAL COUNCIL

# **POLICY**

#### **PURPOSE**

Council is committed to a 'zero tolerance' approach to fraudulent and corrupt behaviour and seeks to minimise the incidence of fraud by implementing and regularly reviewing a range of strategies that aim to prevent, detect and respond to such behaviour.

This policy serves to outline the high standards of ethical behaviour expected by Council and introduces a Fraud and Corruption Control Framework to ensure appropriate mechanisms are in place to prevent, detect, and respond to fraud and corruption.

#### **BACKGROUND AND RELATED LEGISLATION**

This Framework links with the following legislation:

- Local Government Act 1993
- Local Government (General) Regulation 2005
- Independent Commission Against Corruption Act 1988
- Public Interest Disclosures Act 2022

The following Council policies and procedures support this Policy:

- Code of Conduct
- Public Interest Disclosures and Internal Reporting Policy
- Secondary Employment Policy
- Enterprise Risk Management Framework
- Statement of Business Ethics
- Complaints Management Policy
- Internal Audit Framework

#### **Principles**

Council is committed to a culture of good governance and ethical behaviour. As such, it will not tolerate fraudulent or corrupt behaviour and is committed to building a corruption resistant culture supported by appropriate policies, procedures and strategies that prevent fraudulent and corrupt behaviour through:

- Minimising the opportunity for fraudulent or corrupt conduct through ongoing education and training of all Council officials and stakeholders in relation to their obligations in combating dishonest and fraudulent behaviour
- Regular review of fraud and corruption risk assessments to identify circumstances where fraud and corruption could occur
- Implementation of procedures that have regard to, and mitigate, the risks identified in day to day activity
- Use of formal procedures upon detection, investigation and disciplining and/or prosecuting fraudulent or corrupt conduct

DUBBO REGIONAL COUNCIL

- The reporting of any fraud or corrupt conduct to the Independent Commission Against Corruption (ICAC) and other authorities where appropriate
- Promoting an organisational environment that encourages professionalism, integrity, accountability, and ethical conduct

#### SCOPE

This policy applies to everyone who has any interaction with Council or Council staff. This includes Councillors, Council staff members, committee members, consultants, contractors, suppliers, applicants and volunteers who all have obligations in the prevention of fraud and corruption and the fostering of an ethical and accountable work environment at Council.

Expectations of this policy also apply to customers, community and any relevant third parties with regard to the functions and/or operations undertaken for or on behalf of Council.

## **DEFINITIONS**

To assist in interpretation, the following definitions apply:

Term	Definition
Fraud	Dishonest activity causing actual or potential financial loss to any person or entity including theft of moneys or other property by employees or persons external to the entity and whether or not deception is used at the time, immediately before or immediately following the activity. This also includes the deliberate falsification, concealment, destruction or use of falsified documentation used or intended for use for a normal business purpose or the improper use of information or position.
Corruption	As per the ICAC Act 1988 (Sect 7, 8, 9):
(or corrupt conduct)	any conduct of a person (whether or not a public official) that adversely affects, or could affect the honest and impartial exercise of public official functions, or
	<ul> <li>any conduct of a public official that involves the dishonest or partial exercise of any of his or her public official functions, or</li> <li>any conduct of a public official or former public official that constitutes or involves a breach of public trust, or</li> </ul>
	<ul> <li>any conduct of a public official or former public official that involves the misuse of information or material that he or she has acquired in the course of his or her official functions, whether or not for his or her benefit or for the benefit of any other person.</li> </ul>
Maladministration	As per <i>Public Interest Disclosure Act 2022</i> : Serious maladministration means conduct, other than conduct of a trivial nature, of an agency or a public official relating to a matter or administration that is: unlawful, or unreasonable, unjust, oppressive or improperly discriminatory or based wholly or partly on improper motives.
Serious or substantial waste	Refers to the uneconomical, inefficient or ineffective use of resources, authorised or unauthorised, which results in a loss/wastage of public funds/resources.
Stakeholders	Stakeholders refer to Councillors, Council staff members, committee members, consultants, contractors, delegates, suppliers, applicants and volunteers

DUBBO REGIONAL COUNCIL

#### **POLICY**

Council's commitment to preventing fraudulent or corrupt activity, and avoiding or managing conflicts of interests, will be supported by implementing appropriate auditing systems to deter and identify corrupt activities, included in the following Fraud Control Framework.

#### FRAUD CONTROL FRAMEWORK

In order to achieve best practice, Council is adopting the following processes which are sourced from the Fraud Control Framework of the Audit Office of NSW. The Audit Office framework is acknowledged as being best practice and widely used in State and Local Government organisations, providing for a consistent, effective and systematic approach to preventing fraud and corruption across the organisation.

The Fraud Control Framework of the Audit Office of NSW encompasses ten key attributes which sit within the themes of prevention, detection and response. Each attribute has a checklist of high-level processes and behaviours that should be present.

Attribute	Theme
1. Leadership	Prevention
2. Ethical Framework	Prevention, Detection, Response
3. Responsibility Structures	Prevention, Detection, Response
4. Fraud Control Policy	Prevention
5. Prevention Systems	Prevention
6. Fraud Awareness	Prevention, Response
7. Third Party Management Systems	Prevention, Response
8. Notification Systems	Detection, Response
9. Detection Systems	Detection
10. Investigations Systems.	Response

# 1 Leadership (Prevention)

A successful fraud control framework is led by a committed and accountable Executive who demonstrate and reinforce the high ethical standards expected of public officials, who are resistant to improper behaviour or practice and promote an open culture of accountability and transparency. The Chief Executive Officer has ultimate responsibility for fraud and corruption prevention within

DUBBO REGIONAL COUNCIL

Council and is supported by the Executive Leadership Team, Audit, Risk and Improvement Committee, and Corporate Governance.

### 2 Ethical Framework (Prevention, Detection, Response)

The Fraud and Corruption Prevention Policy and associated framework builds upon Council's commitment to ethical, transparent, and accountable behaviour. Council has clear policies, such as its Code of Conduct, setting out acceptable standards of ethical behaviour which are available to all staff on Council's intranet and/or website.

## 3 Responsibility Structures (Prevention, Detection, Response)

This policy applies to everyone who has any interaction with Council or Council staff to the maximum extent that Council has the authority to require it. This includes Councillors, Council staff members, committee members, consultants, contractors, suppliers, applicants and volunteers who all have obligations in the prevention of fraud and corruption and the fostering of an ethical and accountable work environment at Council.

Expectations of this policy also apply to customers, community and any relevant third parties with regard to the functions and/or operations undertaken for or on behalf of Council.

#### 3.1 All Staff

It is important that all Council staff contribute to a workplace culture that has a 'zero tolerance' approach towards fraudulent and corrupt behaviour. As such, all staff have responsibilities in accordance with this policy, specifically:

- maintain awareness and compliance with the requirements of this policy
- · perform their duties to the best of their abilities with honesty, integrity, and impartiality
- have regard to fraud and corruption related risks when performing their duties, and support processes that report and mitigate risks
- prevent, mitigate and report on (suspected, actual or attempted) fraud, corruption, maladministration and waste. This shall be done in accordance with Council's Code of Conduct and Public Interest Disclosures and Internal Reporting Policy
- cooperate with and provide assistance to investigators or officials investigating suspected or reported fraud or corruption
- manage and declare pecuniary and non-pecuniary interests in compliance with Council's Code of Conduct

#### 3.2 Directors and Managers

In addition to the general responsibilities of all staff, Directors and Managers have a supervisory role in the implementation of this policy and promotion of an ethical workplace culture by demonstrably supporting the objectives of this policy, specifically:

- leading by example through ethical workplace behaviour, decision making and acting with honesty, integrity and impartiality when dealing with others
- promoting and disseminating this policy and the standards of ethical behaviour expected by Council
- ensure training is provided to employees surrounding fraud and corruption awareness, Council's expectations, and the reporting requirements in accordance with Council's Code of Conduct and Council's Public Interest Disclosures and Internal Reporting Policy
- provide ethical advice and support to staff

DUBBO REGIONAL COUNCIL

 identify and ensure appropriate internal controls are in place to manage potential fraud and corruption risks. This includes systematic review of risks and controls over time as well as initial identification, and assessment of training needs including refresher training

#### 3.3 Chief Executive Officer

The Chief Executive Officer is responsible for the efficient and effective operation of Council and the implementation of systems and practices that proactively minimise risks of fraud and corruption while promoting an ethical workplace culture that has 'zero tolerance' towards fraudulent and corrupt behaviour and is readily reported should it occur. In addition to the responsibilities of all staff, the Chief Executive Officer is required to:

- promote Council's commitment to fraud and corruption prevention
- lead by example through ethical workplace behaviour, decision making and acting with honesty, integrity and impartiality when dealing with others
- ensure processes exist to monitor Directors' and Managers' compliance with their duties in accordance with this policy
- ensure Councillors are aware of their obligations in accordance with this policy
- monitor and review fraud and corruption risk assessments on a regular basis
- ensure any allegations of wrongdoing are fully investigated and report actual or suspected corrupt conduct to the Independent Commission Against Corruption (ICAC) in accordance with Section 11 of the ICAC Act 1988
- report criminal offences to the NSW Police Force

## 3.4 Complaints Management

In addition to the general responsibilities of all staff, the Complaints Officer and Complaints Coordinator will be responsible to review and refer complaints received, following the Complaints Management Policy and flow chart. All complaints will be impartially and objectively managed and investigated with records kept in HP Content Manager.

#### 3.5 Manager Corporate Governance

The internal audit function is supported by the Manager Corporate Governance. Internal audits are conducted in accordance with the internal audit plan as adopted by ARIC. Completed audits are reported to ARIC

#### 3.6 Mayor and Councillors

Responsibilities in accordance with this policy, specifically:

- implementing and promoting Council's commitment to fraud and corruption prevention
- manage and declare pecuniary and non-pecuniary interests in compliance with Council's Code of Conduct

#### **3.7** Audit, Risk and Improvement Committee (ARIC)

The ARIC is an independent committee of the Council which will provide unbiased assessment of the council's operations and risk and control activities. The ARIC is a key component of the Council's governance and assurance framework and is responsible for communicating any internal audit issues and information to the governing body.

If a fraud and/or corruption complaint is investigated, the ARIC will be notified and the outcome of such an investigation will be reported to the ARIC.

The responsibilities of the ARIC are set out in the ARIC Charter as resolved by Council on 24 August 2023. At the time of adoption, the responsibilities included:

- internal audit Review and advise
- external audit Review and advise
- risk management Review and advise
- internal controls Review and advise
- compliance review and advise on adequacy and effectiveness of Council's compliance framework
- fraud and corruption Review and advise of the adequacy and effectiveness of the council's fraud and corruption prevention framework and activities
- financial management Review and advise
- governance Review and advise on the adequacy of the council's governance framework
- strategic planning Review and advise
- service reviews and business improvement Review and advise
- performance data and measurement Review and advise

#### 3.8 Volunteers and Contractors acting for Council

Volunteers and contractors providing services or otherwise acting on behalf of Council are required to:

- perform their duties to the best of their abilities with honesty, integrity and impartiality
- have regard to fraud and corruption related risks when performing their duties, and support processes that report and mitigate risks
- prevent, mitigate and report on (suspected, actual or attempted) fraud, corruption, maladministration and waste. This shall be done in accordance with Council's Code of Conduct and Public Interest Disclosures and Internal Reporting Policy
- cooperate with and provide assistance to investigators or officials investigating suspected or reported fraud or corruption

#### 3.9 External Parties

Council requires that all external parties act ethically and honestly in their business dealings with Council and that:

DUBBO REGIONAL COUNCIL

- actual or perceived conflicts of interest are declared at the point any conflict becomes apparent
- any persons doing business with Council are to provide accurate and reliable information to Council when required, and
- take all preventative measures to prevent the unauthorised disclosure of confidential Council information

External parties include contractors, consultants, suppliers, applicants, other Government Agencies or any other party engaged in business dealings with Council.

#### 3.10 Residents and members of the public

Council encourages residents, customers and members of the public to support Council in preventing and responding to fraudulent or corrupt behaviour and invites those who suspect fraud or corruption that involves Council, to report their suspicions to the Chief Executive Officer, Complaints Officer or other appropriate authority.

#### 4 Fraud and Corruption Prevention Policy (Prevention)

This Fraud and Corruption Prevention Policy reinforces Council's commitment to fraud and corruption prevention by providing clear guidance and expectation of staff that responsibility falls with every individual who is involved with the functions and/or operations undertaken for, or on behalf of Council. Fraud and Corruption risks are to be monitored in accordance with Council's Risk Management Policy.

#### 5 Prevention Systems (Prevention)

Council's main objective is to minimise the occurrence of fraud and corruption within Council. This objective will be achieved by:

- identifying fraud and corruption risks
- determining strategies to control those risks
- defining responsibility and timeframes for strategies to be implemented

Council's identified fraud and corruption risks, internal controls and proposed risk treatment action plans will be documented and recorded in Council's Risk Register.

Council recognises that internal audit complements the internal assessment of fraud and corruption related risks and controls. Independent identification and assessment of Council's fraud and corruption risks will be arranged with Council's Internal Auditor to the extent that the Audit, Risk and Improvement Committee (ARIC) deems warranted.

#### 6 Fraud Awareness (Prevention, Response)

One of the most common ways in which fraud and corruption is detected is by observation, investigation and reporting by those who work with, or deal directly with, the perpetrator(s).

Council will commit to providing all staff with a general awareness of fraud and corruption and provide guidance on how they are to respond if such behaviour is suspected, detected or attempted. This will be achieved in a number of ways by:

 incorporating a brief session on fraud and corruption prevention into induction training for new staff

DUBBO REGIONAL COUNCIL

- providing fraud awareness training sessions to Management and staff
- making the Code of Conduct and the Fraud and Corruption Prevention Policy available to all staff and the general public via Council's website
- disseminating articles of interest on fraud and corruption to staff via staff newsletters, publications and circulars
- promotion of this strategy and associated documents through Council's procurement framework and procurement documentation
- regular attendance at relevant industry forums and seminars

Additionally, Council routinely interacts with a wide range of stakeholders such as residents, ratepayers, suppliers, contractors and developers, volunteers, applicants, media, community organisations and various other interested parties. There is a need to ensure that these stakeholders are actively aware of Council's attitude towards fraud and corruption and that such behaviour will not be tolerated, through the promotion of this strategy in an effort to reduce the likelihood of improper dealings and/or attempts by external parties to influence Councillors or Council staff.

#### 7 Third Party Management Systems (Prevention, Response)

Council ensures that appropriate controls are in place via an assortment of policies to manage our dealings with third parties and conflicts of interest. In doing so we provide a copy of our *Statement of Business Ethics* to contractors and suppliers to ensure understanding of the standards of behaviour expected by Council.

Third party management also covers managing staff conflicts of interest in accordance with Council's Code of Conduct, Public Interest Disclosure and Related Party Policy and secondary employment declaration requirements in accordance with Section 353 Local Government Act 1993.

### 8 Notification Systems (Detection, Response)

Council's Code of Conduct compels all employees to report any instances of possible fraud, corruption, maladministration or serious and substantial wastage. Members of the public are actively encouraged to report any such behaviour that is known or suspected. Council supports and encourages a culture of reporting and any person who makes a report in accordance with Council's Public Interest Disclosure and Internal Reporting Policy will be protected under the *Public Interest Disclosures Act 2022*.

Reports of all suspected unethical activity including corruption should be made to Council's Complaints Officer. Alternatively, anyone wishing to make a report can direct matters of corruption to the Independent Commission Against Corruption, maladministration to the NSW Ombudsman and serious and substantial wastage to the Office of Local Government.

#### 9 Detection Systems (Detection)

Internal controls are effective at detecting fraudulent and corrupt behaviour with Council maintaining appropriate controls such as:

- segregation of duties
- approvals and authorisation
- verification
- reconciliations
- management reviews

**DUBBO REGIONAL COUNCIL** 

- data mining tools
- risk assessments
- physical security
- job rotation
- independent reviews like internal and external audits and peer reviews.
- Audit, Risk and Improvement Committee

Council will not tolerate any reprisal action against staff who uncover and report such behaviour and will ensure appropriate methods are in place for their protection. If someone believes that detrimental action has been or is being taken against them, or someone else who has reported suspected fraud or corruption, they should advise a disclosure officer in accordance with the Public Interest Disclosures and Internal Reporting Policy immediately.

#### 10 Investigation Systems (Response)

#### 10.1 Assessment

When an allegation of fraud or corruption is made under a Public Interest Disclosure, the Disclosures Coordinator will undertake a preliminary assessment and may recommend that the matter be referred to an external body or that a full investigation be conducted. The complainant will be advised, and action taken as appropriate in accordance with Council's Public Interest Disclosures and Internal Reporting Policy.

#### 10.2 Support

Council will deal fairly with all parties in the course of investigating allegations of fraud or corruption, however if fraud or corruption is proven, Council will apply the appropriate sanctions or refer the matter to external law enforcement agencies if criminal offending is detected. Council's investigation standards are clearly documented in various Council policies and procedures that include Council's Code of Conduct, Public Interest Disclosures and Internal Reporting Policy.

## 10.3 Maintaining Confidentiality

Every effort will be made to ensure that any allegations of fraudulent or corrupt conduct are handled confidentially. In some situations, confidentiality may not be possible or appropriate and will be managed in accordance with the Public Interest Disclosures and Internal Reporting Policy. Council will accept and consider anonymous reports; however anonymity may limit Council's ability to seek further information or adequately assess the report.

# 10.4 Vexations, Frivolous or Misleading Allegations

Any report that is found to be vexatious, frivolous or deliberately misleading may result in disciplinary action against the staff member for making the allegation.

# APPENDICES

1. Examples of potential fraudulent and corrupt activity

DUBBO REGIONAL COUNCIL

#### Appendix 1 - Examples of Potential Fraudulent and Corrupt Activity

#### Theft

The most common types of property stolen include:

- stationery and office supplies
- construction and maintenance equipment and tools
- lap top computers
- mobile phones
- technical equipment
- cash
- fuel
- intellectual property, including documents and data

Theft also includes the unauthorised use of credit cards, petrol cards, Cabcharge cards or vouchers.

#### Gifts, Benefits and Bribes

Gifts, benefits and bribes are often intended to influence the way the recipient carries out official functions. The intention may be to encourage the recipient to not look too closely at an illegal or unauthorised activity, or to actively participate in a fraudulent or corrupt activity.

Exposure to offers of gifts, benefits or bribes is particularly common for Council Officers who:

- approve or can influence decisions
- procure goods or services
- carry out regulatory work
- · provide customer or client service
- carry out work with the private sector

# Misuse of Council Resources for Inappropriate Private Purposes

In their publication "Preventing the misuse of Council Resources Guideline 2", the ICAC provides a number of examples of this type of risk:

- a works team undertakes paid work for a builder on a construction site during working hours
- a swimming pool manager running a non-authorised swimming school during work hours
- a parks maintenance officer running a landscaping business using council equipment and materials, and falsifying timesheets to cover up his private use
- five council employees spend a workday turfing an employee's backyard

Other forms or misuse include:

- staff using mobile phones excessively for private purposes without reimbursement of costs
- internet services being used extensively for non-work purposes
- "left-over" materials and low value assets being claimed by Council Officers

DUBBO REGIONAL COUNCIL

#### **Zoning and Development**

- coercion, intimidation and harassment of Council planners dealing with development applications
- inducements from developers to modify approved DA or conditions imposed

#### **Regulatory Compliance**

Compliance Officers accepting bribes and favours to allow illegal and unauthorised activities

#### **Procurement, Tendering and Contract Management**

Activities associated with procurement, tendering and contract management have traditionally been very susceptible to fraud and corruption. They normally result from bribes, commissions or conflicts of interests. Examples of the type of fraud and corruption risk exposures include:

- order splitting to avoid tendering or obtaining quotes
- collusion with suppliers to provide dummy quotes
- accepting late tenders without justification
- approving fraudulent contract variations

#### **Human Resources**

- creation of fictitious employees on the payroll register
- applicants for positions falsifying career background details
- direct recruitment of friends and relatives to permanent and casual positions

#### **Delegations**

The opportunity for various types of fraud and corruption can be increased by:

- unclear delegations
- delegation for order and payment granted to same person
- lack of supporting documentation

# **Information Technology**

The main risk areas of computer fraud are:

- unauthorised electronic transfer of funds
- electronic claims processing
- unauthorised alteration of input data
- misappropriation, destruction or suppression of output data
- alteration of computerised data
- alteration or misuse of software program

# **Forgery or Falsification of Records**

The falsification of records and processing of a false statement is fraud. Examples include falsification of:

- data on expense claims and receipts
- credit card reimbursement claims
- invoices and timesheets
- job application forms

DUBBO REGIONAL COUNCIL

- leave records
- forgery of a signature on a cheque or document

# **Unauthorised Sale or Provision of Information**

This risk involves unauthorised sale or provision of confidential information, including client information
