	Your answer	Correct answer
1. Work-related road fatalities aren't anything to be concerned about. They are just part of the job. True or false?		
2. If you were travelling in a car at 60km/hr in dry conditions, how many metres would it take to stop?		
3. A driver with an unrestricted licence can use a hand-held phone whilst driving. True or false?		
4. What does BAC stand for?		
5. As soon as I stop drinking, my BAC goes down. True or false?		
6. Name two hazards you'd expect on a country road.		
7. Dip your lights to low beam if a car is within x metres. What is x?		
8. If fatigued, a 20 minute break from driving can be more effective than a nap for a few hours. Is this true?		
9. What do you do if a kangaroo hops in front of your vehicle?		
10. Did you learn anything new today? If so, what?
