

CAMERON PARK SUSPENSION BRIDGE CLOSED UNTIL FURTHER NOTICE

Dubbo Regional Council wishes to advise residents the suspension bridge at Cameron Park, Wellington will be closed until further notice.

“The bridge was closed for public safety reasons after the recent flooding of the Bell River,” Councils Manager Horticultural Services Ben Pilon said.

“This closure will allow Council to engage a fully qualified structural engineer to carry out a full structural integrity assessment of the bridge.”

“This assessment will outline to Council any structural damage caused by the flood and identify any actions required to ensure the safety of the public and users of the bridge.”

“This will be undertaken as soon as is reasonably possible.”

“Council apologises for any inconvenience.”
