

PICK UP A PERFECT PRESENT AND SUPPORT LOCAL PRODUCERS

The Dubbo Visitors Information Centre has created a festive way to support and promote local businesses while also offering great ideas for Christmas gifts.

“This year we are offering a great range of local produce and merchandise gift packs which are just perfect for the Christmas season and show off the wonderful produce our region has to offer,” City Information Services Supervisor Kristie Hallford said.

“Gift packs can range in sizes small, medium, large; any particular price; and can be wrapped in a Sat pack style perfect for travel or in a presentation style to make a statement.”

“If you are struggling to find the perfect gift the team at the centre can help you put together an amazing custom-made pack tailored to your individual needs.”

“There is also a range of ready-made packs available at the Visitors Information Centre.”

“The gift packs are perfect for locals as well as tourists and I would encourage everyone to come down to the VIC and see what wonderful products the Dubbo region has to offer.”
