

MAYORAL MINUTE TO ADDRESS OPTIONS FOR THIRD BIN SERVICE

Mayor of Dubbo Regional Council Ben Shields will put a Mayoral minute before Council at Monday night's Ordinary Meeting which will address service models for the domestic waste management, specifically in regards to the Food and Organics Waste bin.

"Council will consider a report on the review of the Domestic Waste Management Services and the 'three bin system';

"There has been a lot of feedback from the community that they were unhappy with the idea of their Mixed waste bin only being collected fortnightly, and I made a promise to investigate that as part of my electoral campaign,"

"The report to be presented to Council will provide options for levels of service," he said,

"I am thrilled to be able to bring this issue before Council and give them the opportunity to debate this issue and resolve it once and for all," Cllr Shields said.
