

MACQUARIE RIVER PONTOONS

Dubbo Regional Council (DRC) will reinstate the pontoon in the Macquarie River at Ollie Robbins Ovals in Dubbo, by close of business Friday 2 July 2021. The pontoon was removed in March 2021 due to moderate flood warnings following a large inflow of runoff into Burrendong Dam following widespread rainfall.

The pontoon that was formerly at the Wiradjuri Park site is currently being reviewed for safety reasons, with consideration for an alternative site.

For more information please contact Council's Customer Experience Team 6801 4000.
