COMMUNITY PARTICIPATION PLAN

Council at its meeting 15 February 2024 adopted the 2023-2027 Community Engagement Strategy, which includes the Community Participation Plan.

The Community Engagement Strategy and Community Participation Plan are combined into a single, easy to read document that outlines who, when and how Council will engage with our community across the following planning functions:

- Development Applications lodged with Council;
- Local Strategic Planning Statements;
- Planning Proposals (amendments to a Local Environmental Plan);
- Development Control Plans;
- Development Contributions Plans;
- Planning Agreements;
- Strategic land use plans; and
- Policies.

A copy of the Strategy can be downloaded from A-Z Strategies.
