

ROAD SEALING WORKS MONTEFIORES WELLINGTON

Dubbo Regional Council (DRC) wishes to advise motorists and residents in Montefiores, Wellington that resealing of the road surface following the installation of the pipeline will commence on Monday 22 August 2022. The 9 kilometre pipeline project connects new production bores in the Montefiores area with the water treatment plant which will provide water security in times of severe drought.

It is expected the road sealing in this area will take approximately three weeks, weather permitting.

Traffic control will be in place for the duration of the work.

Council appreciates the understanding of the community during this time.
